WE'D LOVE FOR YOU TO RENT OUR HOME!

We are located in a wooded neighborhood in the heart of the White Mountains, just a mile from downtown North Conway. Less than half a mile down the road is Echo Lake, a beautiful little lake with a swimming beach and a lifeguard in the summertime, sitting just at the base of both Whitehorse and Cathedral Ledges. On your way into town, you will pass the popular Saco river, a great spot for kayaking or tubing on a hot summer day. Downtown North Conway has fun shops & boutiques, restaurants, and ice cream. Also nearby is the town of Jackson, another great spot to visit.

FEATURED GUEST REVIEWS

This location makes it easy to get to all of the places we wanted to visit during our stay. Once you learn your way around you can avoid some of the traffic on the main road. We love sitting on the deck in the morning with a cup of coffee and sitting around the fire pit in the evening. Inside is comfortable.
